

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (hereinafter referred to as "MoU") is entered into by and between Miso InfoTech (hereinafter referred to as "Miso Information Technology") and Salymbekov University, acting as a representative of the Dordoi Association of the Kyrgyz Republic (hereinafter referred to as "Salymbekov University"), to confirm their amicable cooperative relationship. Based on mutual respect and trust, the parties agree to explore potential areas of collaboration, including but not limited to digital healthcare technologies, health checkup centers, hospitals, and other projects in the Kyrgyz Republic.

Article 1 (Purpose)

The specific purpose of this MoU is to define the general framework for collaboration in areas such as:

1. Digital transformation (DX) of hospitals and health checkup centers in the Kyrgyz Republic.
2. Supporting the development of skilled personnel for medical schools and related fields.
3. Developing and commercializing information systems (e.g., HIS, EMR, OCS) for local healthcare institutions.

All specific cooperation projects, obligations, and rights of the parties will be governed by separate agreements to be signed between the parties.

Article 2 (Basic Principles)

1. The parties agree to maintain a cooperative relationship based on mutual benefit and act in good faith during discussions and planning under this MoU.
2. This MoU does not impose financial, legal, or other obligations on either party; all obligations will be subject to separate agreements concluded for specific projects.

Article 3 (Contents of Cooperation)

Salymbekov University and Miso InfoTech agree to explore potential collaboration in the following areas:

- 1.Digital transformation (DX) of hospitals and health checkup centers.
- 2.Development of digital healthcare solutions and artificial intelligence technologies.
- 3.Identification of opportunities for workforce development and commercialization of healthcare technology.
- 4.Sharing necessary information and technical expertise to facilitate cooperation.

The parties also agree to work together to identify other areas of potential collaboration. Specific terms, obligations, and deliverables will be detailed in individual agreements for each project.

Article 4 (Effect and Validity)

- 1.This MoU shall come into effect on the date of signing by both parties and shall remain valid for two (2) years.
- 2.The MoU may be extended by mutual written agreement no later than one (1) month prior to its expiration.

Article 5 (Confidentiality)

- 1.The parties shall not disclose or use any confidential information shared under this MoU for purposes other than those agreed upon in writing by both parties.
- 2.The confidentiality obligations shall remain in force even after the expiration or termination of this MoU.

Article 6 (Termination)

- 1.Either party may terminate this MoU upon providing a written notice to the other party at least three (3) months in advance.
- 2.Termination of this MoU shall not entitle either party to any claims or compensation, except for confidentiality obligations stated in Article 5.

Article 7 (Prohibition of Assignment)

Neither party may transfer, assign, or delegate its rights or obligations under this MoU to any third party without the prior written consent of the other party.

Article 8 (Miscellaneous)

1. Matters not addressed in this MoU shall be resolved through mutual agreement between the parties, or in the absence of such agreement, in accordance with applicable laws and commercial practices.
